# OM KALE

WEB DEVELOPER

## PROFILE

A versatile Web Developer with hands-on experience in building full-stack applications, including e-commerce platforms, using modern web technologies. Combining strong problem-solving skills with a deep understanding of back-end development and database management, I excel at creating robust, scalable, and user-friendly solutions. My passion for technology extends to data analysis and visualization, where I have applied advanced techniques to extract insights and enhance decision-making.
